Time: 9 30 am to 3 00 pm Saturday 25th March.

THEME: “Peace that the world cannot give”

We will spend some time examining material presented by Kath Houston at the NZ National Retreat last January in Hamilton. Not everyone was able to attend this retreat – so today will be an opportunity to access and use Kath's excellent transcripts and reflections which she has made accessible on line. She quotes John Main : “ *We need to understand what real peace, actually is.* ” “ *The only power that can create peace in our world is the power of peace found, known and experienced in human hearts. This peace power is the core and foundation of our being.* ” Pg 3 *Door To Silence.*

There will be 2 periods of meditation during the course of the day.
Newcomers to Christian Meditation are most welcome.

Please let me know if you would like to take part in this day.
